What can I Expect at the Debt\$Net® User Forum?

Come ready with ideas and requests!

Here are just a few of the initial subjects touched on:

- *Future Feature Feedback*
- *Industry Requirements*
- *Newest Features Added*
- *User Forum Format and Schedule*
- *Q & A*

These are just a sample of the topics covered in the initial User Forum and future forums. As always, customer feedback is critical to the development and evolution of Debt\$Net. Your input drives how Debt\$Net advances. Additionally, industry changes are constant - ensuring Debt\$Net allows customers to meet these requirements is imperative. We will also want to gather feedback as to the format of the forum and frequency.
